

# Host Terms & Conditions

Last updated: August 4th, 2018

Please read the following with attention and care. Your access to and use of the service offered by Parking4Students.com is conditioned on your acceptance of and compliance with the terms listed below.

## **Being friendly**

It can be intimidating for students to park on a private property. As such, we ask you to be friendly with them and understand that they can be stressed, tired, and overloaded with school work.

## **Hosting**

From when your student starts his first class to when he finishes his last one, we ask you to leave at least one free parking space on your property. It is important that you keep in touch with your student and inform him of any situations he is unaware of. For example, if you are receiving family or having a party at home, don't hesitate to communicate this information with your student. Generally, they will be happy to leave class a little earlier and will understand.

## **Dealing with students**

Because students are students, mistakes will inevitably occur. It does happen that students have to stay a little late after school to finish an essay, or arrive a little early in the morning before an important exam. We take action in avoiding these issues by sending students daily reminders. It is also listed in their terms & conditions agreement that they must contact you 24 hours prior if they are to stay late or arrive early the following day.

**Payments**

All payments are processed through Stripe. Once we have matched you with a student, we will send him a confirmation link to our website where he will be able to pay. Prices are fixed at 100 \$ CAD per month, cancelable anytime by you or the student. We take care of personally delivering payments to your home in sealed letters.

Parking4Students.com operates as a non-profit and thus does not take any commissions from your transaction.

**Privacy**

All of your personal information remains confidential and will never be shared.
